

# How to Know the Wildflowers

## A Workshop

**Sponsored by the Friends of Turkey Run and Shades State Parks**

The workshop is based on *Newcomb's Wildflower Guide* which many naturalists and nature lovers consider an ingenious tool for identifying common wildflowers, vines, and shrubs. This 3.5 hour course is intended for you to establish a long-term skill using this book . . . for a deeper and continued interest in wild plants.

Plant identification can be as much fun as bird watching and is often better suited to one's leisure. But it – like any hobby or serious interest - will require practice beyond what is possible in any workshop.

*You should take this course if you have more than just a casual interest in wild plants and would like to be able to identify wildflowers on your own.*

**Where: Turkey Run Nature Center**

**When: Sat. July 22, Sat. Aug 26, and Sun. Sept 17th**

**Time: Each workshop starts at 10 a.m. and lasts about 3 ½ hrs**

**Cost: \$10 for the workshop itself. \$15 for the book.**

**Pre-registration required. Each workshop limited to 10 participants. Call 765-597-2654**  
**Bring a sack lunch with you. You'll want to be on time since this is a skill development workshop where the first steps are important.**

**All profits support the Nature Center and the volunteer work of  
The Friends of Turkey Run and Shades State Parks, who are sponsoring this event.**
